AFFORDABLE COLOR
with HP PageWide
MAXIMIZE UPTIME,
minimize downtime

HIGHEST SECURITY
for devices, data, and
documents[1]

16 new platforms

More than 50 unique models

With this next-generation lineup, HP offers up to 50% more device categories than leading competitors.[2] Choose from a comprehensive portfolio of A3 and A4 managed devices and accessories. Get HP quality, reliability, security, and solution support across the board— printers and MFPs, LaserJet and PageWide, color and monochrome.

Maximize uptime.
HP managed printers and MFPs have fewer replacement parts and consumables for significantly less user intervention.

Affordable color.
With HP PageWide, get color at a similar cost per page as black-and-white. HP LaserJets deliver consistent, glossy, print-shop quality color.

The world's most secure printing.[1]
Innovative HP technology and solutions help you defend your network and meet compliance regulations.

Now it's easier than ever to find the perfect device to fit your printing needs. Support small workteams up to large departments with A3 devices ranging from 25 to 60 ppm.

HP PageWide

Affordable color, fastest-in-class print speeds,[3] and up to 50% less energy usage than lasers.[4]

HP LaserJet

Leading LaserJet performance, print-shop quality color, and HP's best value for black-and-white printing.

$ **Affordable** color	**$** **The low** operating cost of a copier
Professional document quality	**Professional plus** premium document quality
HP's fastest printing technology	**Fast speeds** from business-class to enterprise

Consistency across the HP A3 and A4 portfolio of printers and MFPs

Easy-to-use color touchscreens	Legendary HP reliability	Scan-optimized Flow MFPs available	Full HP and third-party solutions support	Industry-leading security[1]

Comprehensive paper-handling accessories

With total input up to 6,140 pages[5] and a variety of finishing options (select accessories shown)

1x550 A3 Feeder	2,000 High Capacity Input	2x2,000 A4 Stand	Single Cabinet/Stand	Booklet Finisher	Stapler/Stacker/ Hole Punch

Defend your network with the world's most secure printing.[1]

Unsecured printers can open your network to attack. That's why HP provides the industry's strongest print security to help protect your devices, data, and documents.[1]

Secure the device

HP Sure Start keeps BIOS safe

Whitelisting keeps firmware safe

Run-time intrusion detection keeps memory safe

HP JetAdvantage Security Manager keeps the fleet secure

Secure the data

Authentication prevents unauthorized access

Encryption prevents data theft and alteration

Monitoring identifies threats and self-heals

Secure the document

Workplace privacy and compliance through secure document workflows

Anti-counterfeit tools deter tampering and fraud

Your trusted partner

HP only teams with the best. Our partners offer the highest levels of service, support, and customer satisfaction. And now, your trusted advisor is able to offer you the best choice in business printing: HP managed printers and MFPs.

[1] Based on HP review of 2016 published security features of competitive in-class printers. Only HP offers a combination of security features that can monitor to detect and automatically stop an attack, then self-validate software integrity in a reboot. For a list of printers, visit: hp.com/go/PrintersThatProtect. For more information: hp.com/go/printersecurityclaims.

[2] Based on InfoTrends August 2016 report: "HP Market Leadership by Product Segments."

[3] HP prediction derived from comparison of Enterprise devices based on manufacturers' published specifications of fastest available color mode of color business A4 MFPs $1,000-$3,000 USD and color business A4 printers $500-$1,249 USD as of November 2015, excluding other HP PageWide products, and products with 1% or lower market share using market share as reported by IDC as of Q3 2015. HP PageWide speeds based on General Office mode and exclude first page. Learn more at hp.com/go/printerspeeds.

[4] HP prediction derived from energy claim for Enterprise devices based on TEC data, reported on energystar.gov. Data normalized to determine energy efficiency of majority of in-class color laser MFPs $1,000-$3,000 USD and color laser printers $500-$1,249 USD as of November 2015; market share as reported by IDC as of Q3 2015. Actual results may vary. Learn more at hp.com/go/pagewideclaims.

[5] Purchase of optional paper trays required to reach maximum input capacity.
